The Hoosier Sale Goes On

When This Shipment is Gone, No More at This Price

The women who came to the opening of our Hoosier Clearance Saturday will long remember this enthusiastic sale.

Nearly one-half of our stock was taken before night! And if we had accepted telephone orders, we don't think we would have had a cabinet left.

We could have marked these cabinets at the coming price and made an extra profit on every one. But we bought at a bargain and are selling at a bargain. Our aim is to win new customers by giving women this money.

Pay \$1 Only

when you pick out your Hoosier Cabinet.

Pay the balance \$1 weekly—only 5c a meal.

Your money back if you are not delighted.

Sale ends the instant the remaining Hoosiers are gone.

NOISY TIMES.

Corp. Harry Levin Writes of Booming of Big Guns.

Nocturnal concerts with "busy Berthas" and the artillery of the American forces doing the heavy solo work are described by Corp. Harry Levin of the 101st ammunition train in a letter received today by his parents, Mr. and Mrs. M. S. Levin of Merchant street. Writing under date of May 28, the young soldier says: "We are working quite hard now—sometimes all day and then at night, going to the front with ammunition. I was up last night, and talk about the Fourth of July! It has nothing on this. They were falling all around us, but we beat the kaiser to it. We are up near the front now, and things are pretty lively. Some nights you can hear the big guns having their nightly conversation, and, believe me, there is nothing the matter with their lungs, either. Then they take a rest for a week. But all is not war up this way. We have a 'Y,' and a Salvation Army hut, where we can get most anything we want. When we get back from our trip to the front about 4 in the morning, the Salvation Army gives us hot coffee and cookies or doughnuts. We have band concerts every evening, and, once or twice a week, entertainments. Last week Elsie Janis was here. Boxing matches are popular here, too."

Orvis A. Smith has brought to The Times office two ancient copies of Vermont newspapers. One is Spooner's Vermont Journal, published at Windsor by Alden Spooner, "printer of the laws of the union," and is dated December 23, 1805, and the other one is the Vermont Republican of date of Oct. 11, 1813, also printed at Windsor. The latter copy is in good state of preservation, but the 113-year-old sheet shows the ravages of time, although still legible. The chief article on the front page of the older copy is "American Captives in Tripoli," or "Extracts from the Journal of Dr. Cowdery, kept during his captivity in Tripoli." A considerable part of the paper is taken up with dispatches from European centers telling of Napoleon's war against the Austrians and the Russians, in which Napoleon was sweeping everything before him. Several official reports from Napoleon were printed, announcing the progress of his campaign. In addition, the paper carried a smattering of state news, including mention of the session of the legislature at Rutland.

About 5 o'clock, many kind autoists gave the boys a free ride home, closing a day, as a little fellow said, "the best in the season."

Spaulding high school graduates of last week are letting nothing daunt them in the way of securing employment, to aid in making the "world safe for democracy," as is shown by the fact that during the present week a number of graduates have left the city for various points throughout the state as well as for places in other states, while others have secured employment in this city and still others are doing their "bit" by working on farms throughout the rural districts. There's a house on Foster street hill that is in momentary danger of going over the bank. Undermined by crumbling walls, it stands a prey to every gust of wind that shivers through the thoroughfare, and on more than one occasion during the series of big blows that have sprung up during the spring, residents of Foster street have expected the building to topple over. It is located at No. 13-15 and its dilapidated condition first came to official notice when the assessors invaded the street a short time ago. They rapped at the door, but the only response was a whir of bat wings. Neighbors of the mice and bats who refused to be assessed say that the property is owned by Joseph C. Rice of Northfield. After their regular meeting last evening, members of the board of aldermen went to Foster street to look over the premises. Their inspection confirmed the opinion of the assessors that a still breeze would cause the house to go clattering down into River street.
